## PREFACE

**Target's English Balbharati Workbook: Std. V** has been prepared as per the 'Continuous Comprehensive Evaluation' (CCE) system, which is more student-centric and focuses on active learning as well as making the process of learning more enjoyable and interesting.

Our "**English Balbharati Workbook**" comes equipped with Summative and Formative Questions, Open Ended Questions, Language Study, and Oral Tests. The goal of this book is to help the students practice the text better.

Each lesson begins with a section called Summative Assessment, which includes Questions based on the poems and chapters. Also, each lesson comes with an exclusive section called Oral Test, which has been prepared to hone the expression, fluency and speaking skills of the students. Finally, each lesson has a section called Formative Assessment, which includes Oral Work, Activities and Projects, that would help the students to extensively practise the text as well as gain additional knowledge.

Adequate space has been provided to familiarise the students with the format of each question and the length of each answer.

We hope this book turns out to be a guiding light for the students of Std. V and helps them them to prepare for their examination.
